Work & Leadership Experience

V&N CHARTERED ACCOUNTANTS

Audit Trainee

Chennai, TN

Jul 2022 – Feb 2026

- Delivered risk-based audit and operational review engagements for a leading beer manufacturer; led multi-unit factory audits for 18 plants, enabling cross-location benchmarking of inventory efficiency, capex utilization, and cost absorption patterns,
- Structured data pipelines by extracting and normalizing high-volume transactional datasets (inventory ledgers, GRNs, purchase registers, production records); designed reconciliation logic and data validation checks to ensure analytical reliability,
- Developed decision-oriented Power BI dashboards integrating plant-level financial and operational KPIs; implemented Power Query transformations, DAX-calculated measures, variance flags, and trend decomposition to support performance diagnostics and anomaly identification,
- Conducted deep-dive cost and working capital analytics, evaluating material variance, overhead allocation drivers, absorption costing integrity, and cash conversion dynamics, translated findings into profitability impact assessments and operational risk insights,
- Prepared financial models for a textile manufacturer and for seeking loans from banks and NBFCs, regularly analyzed over 25 listed companies in textile manufacturing across the country, to provide industry insights for this client.
- Assisted the team during Income tax returns period, worked on at least 50 ITRs of Individuals, Partnership firms, LLPs and Corporates,
- Assisted the team with Monthly (GSTR – 1), Quarterly(GSTR – 3B) and Annual (GSTR – 9,9C) and maintained the books of an IT Services company.

AK CORPORATE
